

ACTIVITY

Any 3 of these factors

- abiotic
 - pH
 - temperature
 - air
 - ground
 - light intensity
 - air speed
 - mineral conc.
 - % air in soil
 - % water in soil
 - % humus in soil
 - exposure
 - slope
- biotic
 - Role in energy transfer
 - food chain
 - food web
 - pyramid of numbers
 - adaptations
 - structural
 - competitive
 - behavioural

Water temperature
Water currents
Dissolved O₂
Salt conc.

- report
- assess
- analyse
- Ecological issues

R. Cummins
